British Mission to India and Plastindia 2012
Formed in 2000 Addmaster was established to provide a revolutionary, technical resource centre for plastics. The phenomenal success of this business model, including the award winning Biomaster range of silver based antimicrobial technologies, enabled us to expand this into other market sectors.

**OBJECTIVES**
- Evaluation of additional potential for the company’s products
- Support for local distributor
- Technical update for major customers
- Consideration of future market Coverage

**Address:** Darfin House, Priestly Court, Stafford, ST18 0AR, UK
Tel: +44 (0) 1785 225656
Fax: +44 (0) 1785 225353
Email: info@addmaster.co.uk

Anthony Clark, Pranita Nangia, Susan Rothwell

Crain Communication is the world's leading supplier of specialist news - online and in print - for the global plastics industry. It produces magazines and specialist websites as well as plastics-related conferences and exhibitions. We are a publisher of PRW, European Plastics News, Plastics News (US) and organisers of 12 specialist plastics conferences and PDM exhibition held in UK.

**OBJECTIVES**
- To investigate the state of India's plastics industry
- To make contact with key players within India's plastics industry
- To gauge how the market operates across its various disciplines
- To identify the information needs of the industry and to judge how best these can be met.

**Address:** 26 Dingwall Road, Croydon, Surrey CR0 9XF, UK
Tel: +44 208 253 9600
Fax: +44 208 253 9650
Email: aclark@crain.com

Fergus Hardie

Hardie Polymers is one of the UK's leading Independent Distributors of thermoplastics now with sales office and warehousing in India.

**OBJECTIVES**
- Further develop our sales for high specification, cost saving recycled PP and PE compounds.
- To promote our activities in India and raise awareness of our brands
- To meet with existing and prospective customers
- To look for further opportunities in India for the supply of other thermoplastics from our range.

**Address:** 53 Stockiemuir Ave, Bearsden, Glasgow, G61 3JJ, UK
Tel: +44 (0) 141 942 3330
Fax: +44(0)141 942 4001
Email: sales@hardiepolymers.com

Dugdale PLC is a leading producer of Flexible and Rigid Poly Vinyl Chloride (PVC) compounds for the UK and European Markets. With over 50 years experience in compounding for both extrusion and injection moulding applications, Dugdale PLC is proud of the reputation for excellence in both technical expertise and customer service.

**OBJECTIVES**
- Evaluate the potential for exporting pvc materials into India
- Identify potential consumers of Flexible PVC and open discussion for future partnerships
- Promote Dugdale PLC as a company who wants to supply into India
- Promote Dugdale PLC brands and products in India

**Address:** Valley Mill, Holmes Road, Sowerby Bridge, HX6 2AA, UK
Tel: + 44 1422 832501
Fax: +44 1422 833401

Luxus Ltd formulates technical plastic compounds from recycled and prime polymers. Commodity and Engineering grade polymers are developed and manufactured for advanced applications in the automotive and electronics industry. Luxus also offers one of the most technically advanced plastics recycling facilities in the UK. Current capacity is 48,000 tonnes of compound per annum, rising to 70,000 tonnes in 2013.

OBJECTIVES
- To investigate technical capability of Indian Compounders
- To develop relationships with selected end users
- To gain first hand experience of Indian culture
- To gain plastics sector knowledge

Address: Belvoir Way, Fairfield Industrial Estate, LOUTH, LN11 0LQ, UK

REGAIN Polymers Ltd are a leading UK recycler of rigid plastics, specialising in the compounding and supply of specified grades of PP, HDPE and HIPS for a wide range of end applications including Automotive, Construction, Horticulture and Packaging. Following recent investment capacity is approaching 50,000 tonnes of compound per annum.

OBJECTIVES
- To meet with customers who have already taken material from REGAIN Polymers to establish closer relations and understanding of their needs.
- To meet with potential new end users who may have an interest in taking recycled compound.
- To establish a better understanding of the market dynamics and what REGAIN Polymers would need to do to become a known brand for key end market users of compound.
- To understand the current recycling supply and demand market in India.

TDG Recycled Plastics Ltd – Suppliers and buyers of plastics for recycling with over 25 years of experience. We supply raw materials to compounders, moulders and extrusion companies across the globe. Some of the plastic products that we sell:
- ABS - Acrylonitrile butadiene styrene
- HDPE – High density polyethylene
- HIPS – High impact polystyrene
- LDPE – Low density polyethylene
- LLDP – Linear low density polyethylene
- PC - Polycarbonate
- PET – Polyethylene terephthalate
- PP - Polypropylene
- PS - Polystyrene
- PVC – Polyvinyl chloride
- Nylon
- Bottle
- Film
- Rigid
- Some of the recyclable plastics that we will buy:
  - ABS - Acrylonitrile butadiene styrene
  - HDPE – High density polyethylene
  - HIPS – High impact polystyrene
  - LDPE – Low density polyethylene
  - LLDP – Linear low density polyethylene
  - PC - Polycarbonate
  - PET – Polyethylene terephthalate
  - PP - Polypropylene
  - PS - Polystyrene
  - PVC – Polyvinyl chloride
  - Nylon
  - Compound/pellet
  - Flake
