Show your commitment to the environment and sign the pledge

OPERATION CLEAN SWEEP® (OCS) is an international program designed to prevent resin pellet loss and help keep pellets out of the marine environment. Every segment of the plastics industry has a role to play by implementing good housekeeping and containment procedures. This includes resin producers, transporters, bulk terminal operators, plastics processors and recyclers.

## Company pledge to prevent resin pellet loss

Our company recognises the importance of preventing the loss of resin pellets into the environment and we are committed to the Operation Clean Sweep programme. We will be an OCS Programme Partner, strive towards zero pellet loss and make changes wherever possible and practical to:

- **Improve our worksite set-up to prevent and address spills**
- **Maintain internal procedures to achieve zero pellet loss goals**
- **Provide employee training**
- **Check our performance regularly**
- **Comply with all applicable national and local regulations governing pellet containment**
