BPF Health and Safety Seminar

The 2019 BPF Health and Safety Seminar has been designed to provide a comprehensive exploration of the key Health and Safety issues facing our industry. Topics at this event will include presentations on lone workers, stress, wellbeing as well as a case study on working from height from a plastics company.

This is your opportunity to network with your peers and to listen to insightful presentations.

Who should attend: This seminar is aimed at senior and middle managers from companies in the plastics industry who are responsible for health and safety within their organisation.
