This one day event will explore the emerging opportunities available to boost plastics recycling in the UK.

Leading experts in the plastics recycling field will give detailed assessments of the current UK plastics recycling industry providing an analysis of current trends in the UK, recycling market factors, and legislative and policy considerations.

Subjects covered will include;

♦ Current recycling rates and opportunities for increasing levels of plastics recycling in the UK
♦ Opportunities for increasing plastics recycling in the UK
♦ Developing new products with plastics recyclate
♦ Industry case studies
♦ Advances in recycling technologies

This event is aimed at all stakeholders public and private, with an interest in the plastics recycling sector, providing delegates with an objective appreciation for the current and future opportunities for plastics recycling.
SESSION 1: Let’s Grow Plastics Recycling: Creating Conditions for Business Success
